

The TGA Women's Eclectic field has been established by a blind draw order. All applications recieved by January 12 at 9:00am were placed into the blind draw. All entries received after the first 24 hours, will be placed on the waitlist based on order of entry.

There are likely to be a significant number of withdrawals resulting in wait listed players being added to the field, however we cannot speculate on the likelihood of a spot becoming available for a specific player. **The attached Wait List indicates the order in which the wait list priority has been established - please be advised that the Texas Golf Association will re-circulate this list each Wednesday leading up to the Women's Eclectic in an effort to give players a regular update on their status ahead of the championship.**
