Each player is responsible for attaining her own points, but partners are playing as a team. If one partner is +7 and one is -7, as a team, they are even. If both partners are +7, as a team, they are +14. A 50% adjustment, plus or minus, will be made to each player's quota after the first round.

The 1st day, a 14 handicap must get 33 points. She makes 40 points. This makes her +7.

The 2nd day, after a 50% adjustment, this player must make 36.5 points. This is her original 33 points **plus** half of her +7 points.

Minus Example:

The 1st day, a 14 handicap must get 33 points. She makes only 26 points. This makes her -7.

The 2nd day, after a 50% adjustment, this player must make 29.5 points. This is her original 33 points **minus** half of her -7 points.

There are no adjustments if a player makes her exact quota on the 1st day.
