

**Practice Round:** The practice round is included in the fee and the official practice round is Friday, March 22nd. **You should call the pro-shop at 254-694-3610 starting on March 1st to secure your practice round tee time.**

**Format:** The format of play is 18 holes of best ball and 18 holes of scramble. In a best ball format, each player plays their own ball until their ball is holed. The team records the better of the two gross scores as the team score for each hole. In a scramble format each player hits a tee shot. The team selects the best shot, and both members play their second shot from that spot. The process continues until the ball is holed. Each player's tee shot must be used 3 times in the scramble format. Net and Gross prizes will be awarded.

**Cancellation Policy:** If you cancel after 9:00 a.m. on March 8th, you are subject to losing your entry fee, unless we can fill the spot. We must guarantee players to the club at that time. However, we will probably have a wait list and will do our best to fill your spot.
